

A decorative graphic on the left side of the slide consisting of two overlapping parallelograms. The front one is blue and the back one is a light green. They are positioned diagonally, with the blue one partially covering the green one.

# Baseball Registration System

Rhett Godwin, Zach Butler, Cat Kramka

# Who it's For

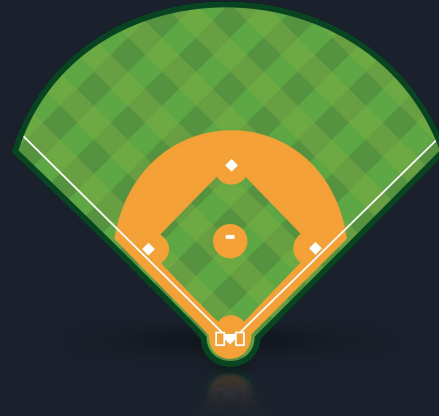

The baseball registration system we have created is for the company known as Innovative Solutions Corporation. The stakeholders of the company wanted a way to streamline the registration process for the company's annual baseball tournament. The system serves to improve the registration process and tournament management for all employees and system admins alike.

# What it Does

- Creates team formation .
- Allows user to sign up for a team and position.
- Allows multiple views of data.
- User notifications.
- Registration system
- Robust admin system that can edit, remove, and add players.

# Demo Roadmap

- Use cases
  - Registration, login, selecting a team and position, admin account functionality, etc.
- Showcase user experience of program
- Showcase admin experience of program
- Interface design explanation
- Backend functionality
- Plan for the rest of the semester
  - Bug fixes, maintenance, potential search function if time allows
